Dear Grazing Lessees and Interested Publics:

The BLM is required to comply with the National Environmental Policy Act (NEPA) as part of the grazing lease renewal process. In compliance with NEPA the BLM must analyze the impacts that may be caused by the proposed action, which is to renew the grazing lease.

The Tucson Field Office has completed an Environmental Assessment (EA) for the Susnow grazing allotment No. 5240 and the EA is available for review at the following link:

[Posted documents related to the Susnow EA can be found on the ePlanning NEPA register](#)

If you would like to provide written comments, after reviewing the EA, please submit them by **July 5, 2013**, to the Tucson Field Office at 3201 E. Universal Way, Tucson, AZ 85756.

Sincerely,

/S/

Daniel Moore
Acting Tucson Field Manager
